

I ain't going nowhere

I see the sun that shines outside my window
And all the trees they are blowing in the soft wind
I never thought that I would feel this way
I never thought this thing could make me feel so alive.

This world is spinning faster and faster
And time it ticks away from us all
There was so much I felt I had to do
But when you came you made those things feel so unreal

*So the sun it can stop shining outside and all the trees can blow away
'cause when I see you laying in your bed I can stay another day
I ain't going nowhere.*

I See my refreccion as I look into your eyes
And evertime you smile I loose the feel of time
Even when you are sad and tired
The world outside isn't what it used to be

So the sun it can stop...
